

Mission Statement for the Ritual Committee

Our mission is to protect, encourage, and increase the spiritual practices of the congregation. We exist to shepherd the spiritual development of the individual members and the congregation as a whole.

We accomplish this mission by:

1. Engaging in exploration and dialogue about spiritual development (what it is, how it is done);
2. Developing means by which to engage the community in such development (practices, groups, services, etc.);
3. Inviting and overseeing clergy;
4. Developing policies as appropriate;
5. Organizing events as necessary.
